

It's nice to curl
the tail a **BIT**
along the blade
of your scissors
or ruler.

MANUAL

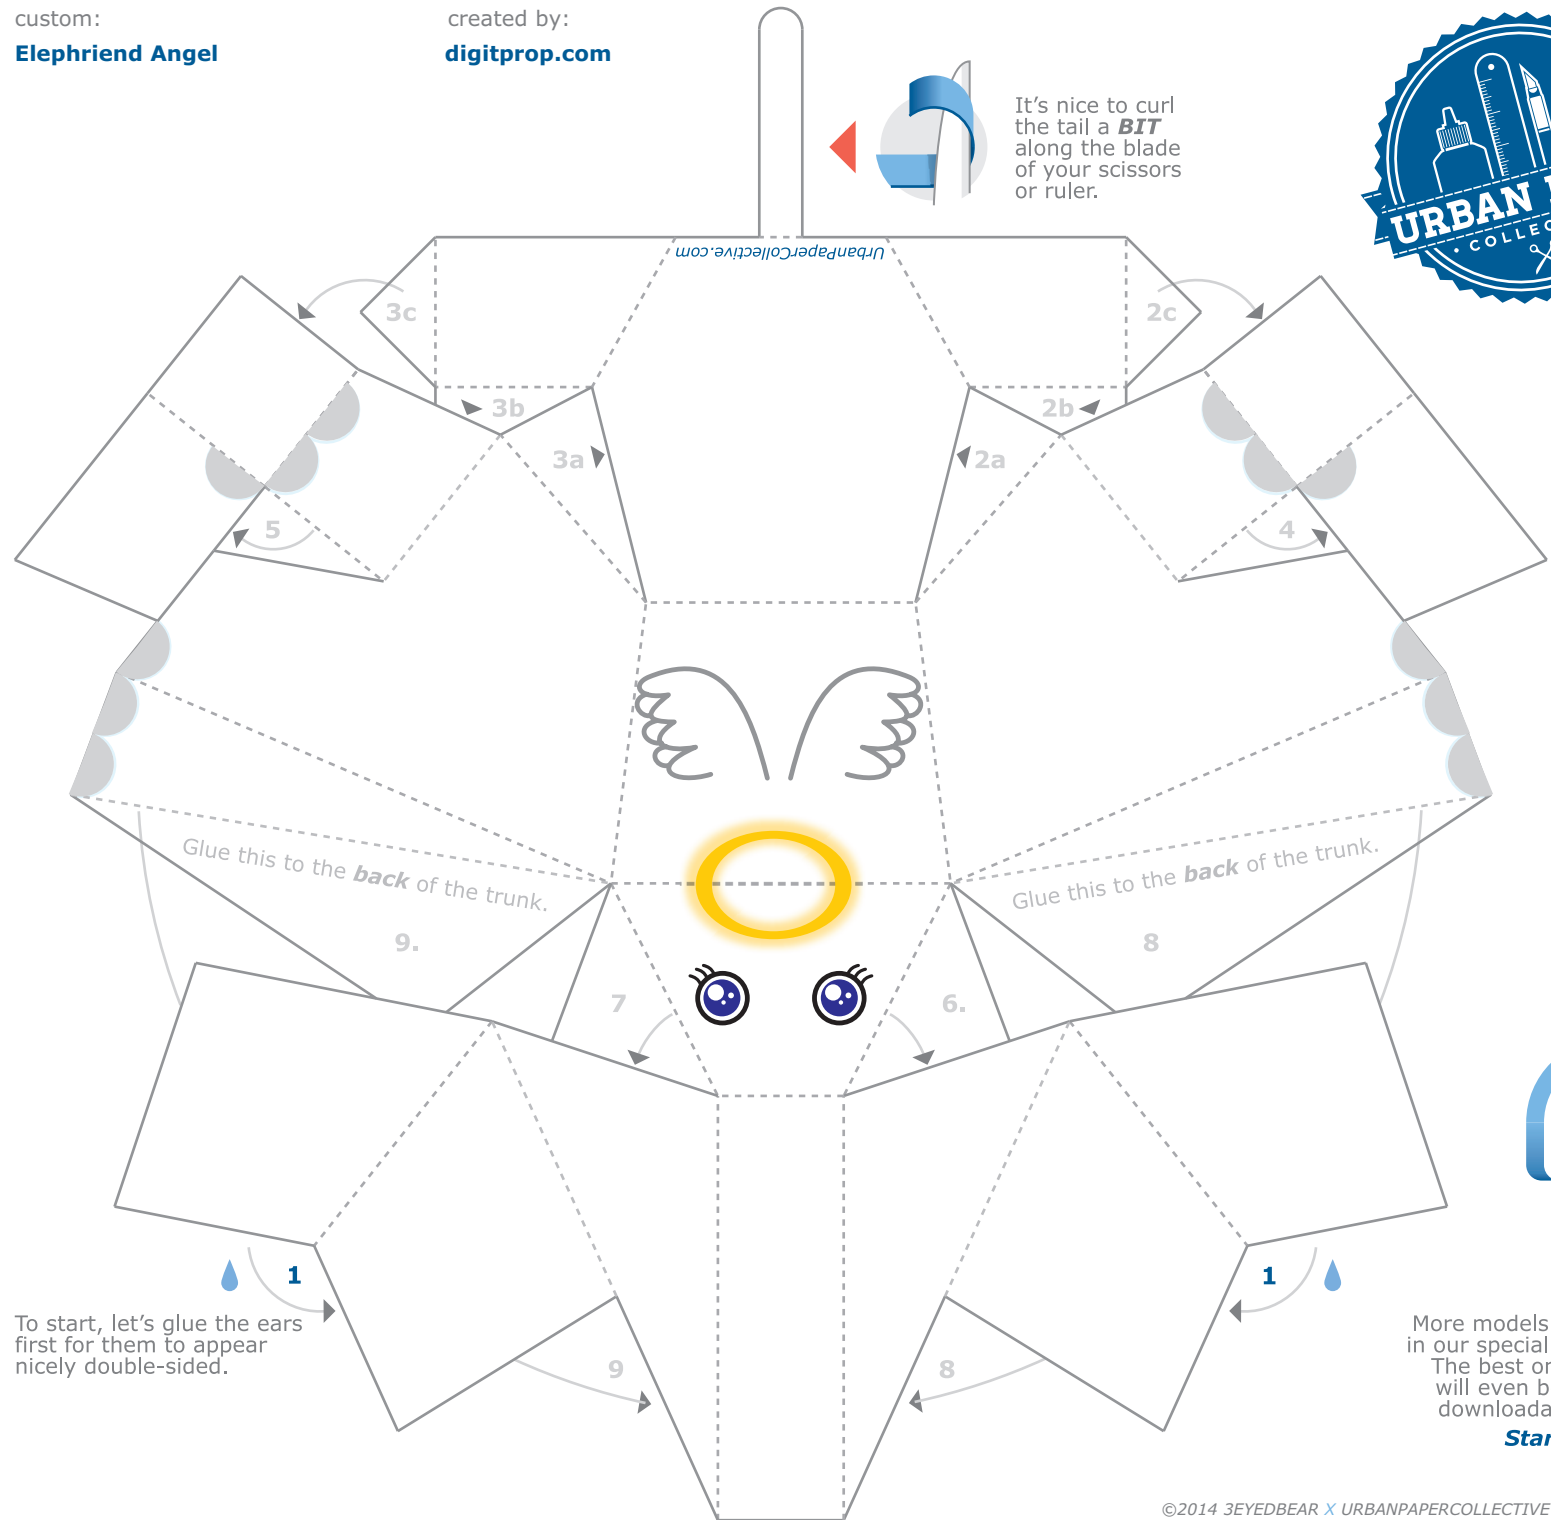

- cut
- - - - - hill-fold
- · · · · valley-fold
- 1 2 3 4 5 6 7... glue-order

- Carefully cut out the shape.
- Score and fold as required.
- Glue tabs in numeric order.
- PLAY!

Do you want to create your own custom Elephriend? Go to UrbanPaperCollective.com, download the blanco DIY-version of this platformtoy and start being fantastical and colourful nutty. Share your work by sending us your E-phriend, a photo of it built against a white background and a link to your website.

#urbanpapercollective

To start, let's glue the ears first for them to appear nicely double-sided.

Glue this to the **back** of the trunk.

More models can be found in our special photogallery. The best ones sent to us will even be available as downloadable template!
